Dear Sir/Madam;

RE: Request for Students Industrial Attachment opportunity

Rwanda Polytechnic — College of Tumba is a TVET higher-learning institution that offers technical training in different programs, namely **Renewable Energy Technology, Electronics and Telecommunication Technology, Information Technology and Mechatronics Technology.**

RP— Tumba College aspires to be an effective contributor in the TVET hands-on skills effectiveness and a life-long learning hub. The very intention behind the training is to develop professional well-skilled workforce responsive to the evolving needs of the labor market demand and decent job creation.

To reinforce the training of our students, close interactions with private and public industries/ companies have been at the helm of every single achievement. The workplace exposure supports our students' conversance with the real-world working environments by connecting dots with the on-campus training package while enhancing their career readiness.

To that end, we are humbly requesting your esteemed office for industrial attachment vacancy for our student: **Bertin HAKIZAYEZU** with **REG No: 22RP03951** and Telephone **No.: 0781065112** from the program of **Information Technology (IT)**, Level 6 Year 2. The academic calendar allocation for industrial attachment is **a 6-week period** commencing from **September 09th ,2024 to October 25th, 2024.**

In case of any need for clarification, please do not hesitate reaching out through our Industrial Liaison Specialist, mapau12020@gmail.com or +250788274860.

Your invaluable assistance will always be appreciated. Looking forward to your kind response at any time of your earliest convenience.

Sincerely,

Dr. Alexis MUHIRWA
Deputy Principal, Academics and Training
